

4th Grade Chinese Immersion Weekly Newsletter

Announcements:

- We are learning Mandarin Matrix this year. The reading and comprehending skill are very heavy in 4th grade. Students need to recognize at least 10 words each week and are able to use them correctly.
- We will set up Quizlet class account next week. We will use Quizlet for some assessments in a week or two.
- My blog is <https://xiaoruidou.weebly.com/> You can know more about me through the website as well as homework policy etc.
- I tried to embed some technology in class. So far we introduced “ClassDojo”, “google classroom”, “Quizlet”, and “Quizizz”. Please let me know if you don’t have internet access at home, we can work on something else.

What We Learn
